

# Yorkshire and Humber Learning Disability Leadership Meeting

### 28<sup>th</sup> October 2015 in Leeds

#### **Welcome and Introductions**

Rosie Pope welcomed everyone to the meeting.

This meeting is organised on behalf of the Association of Directors of Social Services (ADASS) in Yorkshire and Humber.

This meeting is about

- Big policies like Transforming Care and what they mean to us here
- Advocacy and people knowing their rights

Everyone introduced themselves.

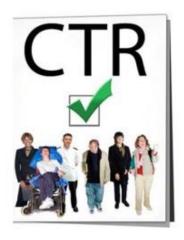

## **Transforming Care – the work so far and what we are learning**

Gavin Harding from the Best Care Now and Improving Lives Team in NHS England led this part of the meeting. The team are working to check people's care is ok in some situations but also help local commissioners and managers to help people leave or stay out of hospital unless they really need to be there. He did a presentation on the big issues they hear people are facing.

You can see Gavin's full presentation at

https://www.scribd.com/doc/288594560/Gavin-Presentation-2

Care and Treatment reviews are becoming a normal way to help people stay out of hospital – Gavin asked us to think about how we can all help make these work well in our area.

We worked in groups to think about this and also the solutions or good ways of working people have come up with. You can see the notes about Care and Treatment Reviews here:

## What is happening in Yorkshire and Humber on Transforming Care and other work

Judith Wild from NHS England Yorkshire and Humber told us about the work that has been happening in Yorkshire and Humber on Transforming Care.
There have been 82 Care and Treatment Reviews so far this year.

67 people have left hospital.

4 people did not go into hospital because of the work done at a Care and Treatment review to look at other ways of them being supported.

Expert Advisors are part of all the Care and Treatment reviews. Inclusion North are a hub for supporting Experts by Experience to be part of reviews. If anyone is interested in the job and finding out more you can contact Inclusion North on 0113 2444792 or info@inclusionnorth.org

The Joint Self Assessment Framework will happen differently this year. The full check will not be done but each area will be asked to look at how they are doing on the big targets.

The framework itself will be reviewed to check it has the right questions and ways of working in it

You can see more about the plans at <a href="https://www.improvinghealthandlives.org.uk/news/news.php?nid=2786">https://www.improvinghealthandlives.org.uk/news/news.php?nid=2786</a>

## **Advocacy and Understanding Rights**

Tom Raines told us about a project dine by Inclusion North and NDTi on making it easier to understand your rights under the Mental Health Act.

They did this because lots of people had said they did not understand the law or their rights.

You can see Tom's presentation here

There are easier to understand leaflets and videos that you can find at

http://www.nhs.uk/NHSEngland/AboutNHSservices/mental-health-services-explained/Pages/easy-read-mental-health-act.aspx

- 1. Why is advocacy important
- 2. If you have had advocacy how did it make you feel? What was good about it?
- 3. How do you think advocacy can be measured?
- 4. How can we help commissioners measure advocacy better and learn from people's experiences?

All the answers and ideas are in this presentation

## Our actions from today

Everyone thought about what they will do to share the work from today or build on it.

This is what they said –

- I will feedback the information from today to our groups
- How to spread the advocacy word
- Go back to my board and feed this meeting back
- Email our commissioner about plans to review nominations process
- Look at the 'Monitoring'? information for Advocacy contract(s) move away from stats and ensure the actual feedback from users, carers and service staff is incorporated into the work in developing source delivery
- Feedback the information gathered today and be taken to the partnership board relating to Transforming Care
- Sit in a darkened room and prepare for the next initiative / framework / policy and it's impact
- What I'm going to do is go back to Calderdale Learning Disability Partnership Board about the Transforming Care pack to enable the board to see what it is and give more information about the care treatment review
- Read up more on the Transforming Care Agenda
- To understand in more depth the 'risk' register and it's criteria
- Make social workers listen to people
- Speak to comms about joining with health colleagues promote info on CTR

- I will take the feedback to my team and give back answers regarding CTRs
- To continue to work ChAD has done and do more networking to make more groups that we can work with
- Continue to promote supported living over residential care... budgets permitting!!!
- Ensure all service users, carers and providers are made aware of CTR's
- I'm going to research advocacy and what it's about
- Carry on attending partnership board and giving my opinion
- Continue to support and encourage the people I work with to voice their opinions
- Develop our use of the 'Our Say' group
- Work on how 'Our Say' group is viewed and opinions across the council
- Talk to partnership board about expert by experience training and communicating CTRs
- Feedback to all meetings I go to
- Tell people they can ask for a CTR
- Talking to Learning Disability Partnership Board

#### What we will all work on next

Here is what people thought we should work on next -

- Continue to work as a team how we are working together on big issues to find solutions together
- Involve families / carers and the person you are trying to help
- Better support i.e. funding to advocacy groups, family carers etc
- More work with Department of Health working and involving people with learning disabilities on job placements both volunteering and paid
- Improving the workforce
- Plans for the future for Councils and NHS re treatment units
- How Care and Treatment reviews work and make a difference

## **Any other business**
