GETTING THE MOST OUT OF INCLUSION NORTH

1. Two-way communication. As with anything, the more you put into it, the more you will get out of it. It helps us to know what you are thinking if you respond to surveys but don't always wait to be asked questions, if there is something that you need and want then tell us. We will also have a website hosted by CSIP.
2. Share the information locally. No one can do everything themselves but we understand that it is important that you decide who benefits from the Inclusion North membership.
3. Focus on 3 main priorities. The Steering Group have identified 3 areas to focus on during 2006 – workforce development, 'all means all' and seek new resources (£). We are also willing to take on other tasks in relation to meeting the objectives of Valuing People.

So.....

1. Share what's working
2. Keep focused on people & community
3. Stay true to our values
4. Be a good friend
5. Focus on the doing & not give up
