I Enjoy.....

Being outdoors
Watching detective programmes
Writing and drawing for pleasure
Creating new projects
Standing up for justice

What is important to me

That people have freedom.
That communication is clear.
That people are not bullied or disempowered

My Experience

I am a dad of a brilliant daughter on the autistic spectrum.

My experience as her dad gives me an insight and a passion which would be lacking otherwise and drives me to see situations from an extra and different perspective.

I am able to be assertive and ask awkward questions appropriately.

My Skills and Knowledge

Writing, drawing and expressing issues relating to equality and empowerment.

Listening.

Advocacy.

Knowing quite a lot about the systems and services, voluntary and statutory in Derbyshire.

Assertion.

What people say about me

That I am gentle.

That I can make people laugh.

That I sometimes challenge things.
