

Newcastle Advisory Group September 2019 – October 2020

Accessible Information:

Supporting the need for information about housing & support options and financial assessments to be more accessible.

Environment:

Visited and researched the areas where new housing and support services are being developed. Reports on this received positively by providers and housing colleagues.

Connections:

Representation from self advocates & family carers. Links with Geordie Voices, Newcastle City Council and Health professionals.

Rights:

Shared thinking about how the quality of services can be checked during lockdown and promoted voting workshops.

Training:

Feedback given to the Safeguarding Team on the training being developed for family carers about the Safeguarding process.

Development:

Monthly attendance at Council Project Group for housing & support. Part of the thinking about alternative support options. Involved in the selection process for providers of new housing & support developments.

Ideas:

Sharing ideas on how transition to adult services can be improved for young people and the possibility of a shared housing checklist.
