

MW - THIS IS ME...

I HAVE THE SAME RIGHTS AS EVERYONE ELSE...

WHAT ARE OUR
HUMAN
RIGHTS???

Human Rights

People can't make you work for free . You should get paid for the work you do .

Fair treatment

- **Nobody should hit you or treat you badly even if they say you have behaved badly**

Freedom

- Nobody should lock you in or stop you going out except when the law says they can. It's not fair for care staff to lock you in your room even if they are angry with how you have behaved

Marriage

- You should be able to get married and have children - even if your family or staff worry about you doing this

BELIEFS

Beliefs

- You should be able to believe the ideas which you think are right .
And if you want to go to church, the temple or mosque, nobody can stop you . If you don't want to go, that you right as well.

You have the right
to go by your self
on the bus

- You can travel by yourself on the bus unless you need one to one care at all time
