Recruiting Ex-Offenders Policy

Inclusion North is committed to creating equal access to opportunities for employment while continuing to base selection and promotion solely on ability to meet the requirements of the post. This is irrespective of race, colour, ethnic and national origins, religion, disability, gender, sexuality, age, marital status, responsibility for dependants, economic status, political values or offending background.

With some exceptions, having a criminal record will not necessarily bar an individual from working with us in either a paid or unpaid capacity. This will depend on the nature of the position sought and the circumstances and background of the offences.

As an organisation using the Disclosure and Barring service to assess applicants' suitability for positions of trust, Inclusion North complies fully with the DBS Code of Practice and undertakes to treat all applicants fairly.

A Disclosure is only requested for those positions where it is considered both proportionate and relevant to the position concerned. Because of the nature of Inclusion North's work all checks will be at Enhanced level.

Where Disclosure forms part of the recruitment and selection process, applicants will be asked to provide details of their criminal record at an early stage. This would be declared on the relevant section on the application form and at interview. We guarantee that this information will only be seen by those who need to see it as part of the recruitment and selection process, e.g. recruiting manager, administrator.

Unless the nature of the position allows Inclusion North to ask questions about an applicant's entire criminal record, i.e. posts exempt from the Rehabilitation of Offenders Act 1974 (ROA) such as those involving working with children or Vulnerable Adults, we only ask about "unspent"

convictions as defined by the Act. A conviction becomes "spent" after a rehabilitation period during which time there have been no further convictions, e.g. a sentence of imprisonment of between 6 months and 2½ years has a rehabilitation period of 10 years. A conviction carrying a sentence of more than 2½ years in prison can never become "spent".

At interview, or in a separate discussion, there will be an open and measured discussion on the subject of any offences or other matter that might be relevant to the position. The outcome of this will be recorded in brief and a copy kept on the individual's personnel file with a recommendation for appointment if relevant. If appointment is not recommended the recruiting manager will discuss/agree this with the Director before a final decision is made.

Factors to be taken into account include: -

- Is it a 'spent' offence?
- The nature of the offence
- It's relevance to the post, position, or profession in question
- How long ago the offence took place
- The person's age at the time
- Whether it was an isolated offence or part of a pattern of offending
- What is known about the person's conduct and character before or since

We undertake to discuss any matter revealed in a Disclosure with the person seeking the position before withdrawing a conditional offer of employment.

Please note that failure to reveal information that is directly relevant to the position sought could lead to withdrawal of an offer of employment.
