Inclusion North News

Inclusion North will share an important news story and tell you about their own work here every two weeks.

Take the Lead Level 3

In June we had a 3 day residential session in a hotel in Sunderland for the learners on our Take the Lead course.

They learnt all about being a member of the Board of Directors for a company. This included taking part in a practice board meeting, with all learners taking on a different role that would be found on a board of directors for a company.

There will be a graduation for all of the North East learners from levels 1,2,3 in the autumn. The level 3 learners will have the opportunity to share their project work from their course.

We will advertise the level 1 course for Yorkshire and Humber soon so keep a look out for it in our newsletters.

New People who have joined the team

Ali Gray has joined the team at Inclusion North as an Administrator for the Oliver McGowan Mandatory Training project in the North East. Ali's job is to help to coordinate the training sessions.

The training is for people who work in health and social care to make sure they have the right skills and knowledge to support and care for people with a learning disability and autistic people.

Joanna Routledge has joined the team as a Project Worker in the North East. Joanna's job will include working on projects with our member areas and partner organisations.

We are really pleased that Kimberly Bellhouse has come back to work at Inclusion North as an Administrator.

Kim will work in the office team supporting the Inclusion North team on lots of different projects.
