

Jo Butler

My Experience

I have worked with autistic people & people with learning disabilities for nearly a decade.

I have also worked as a professional gardener & wildlife researcher.

I have delivered, created & managed many projects – all focused on helping people, wildlife & the planet.

I Enjoy.....

Making art & music

Looking after my allotment garden

Socialising with my friends

Walking my dog

Adventures in my campervan with my family

My Skills and Knowledge

I have a degree in psychology & a masters degree in animal behaviour

I'm a good at engaging with people from many walks of life

I am organised, productive & creative

What is important to me

Creating a world where people are treated equally & are kind to the planet

Understanding the struggles that people have, & working towards helping where I can

What people say about me

I'm friendly & outgoing

I'm intuitive

I stand up for injustice & I'm not afraid to speak my mind

I have a good sense of humour
