

Changes to Personal Independent Payment (PIP)

Inclusion North is running a webinar for people with a learning disability, autistic people, their families and carers who live in Yorkshire and Humber and the North East.

We are running this webinar so that we can tell you about the Government's ideas to change the way that people have an assessment for their Personal Independent Payment.

The Government is asking for people's views and ideas.

In the webinar we will share information so that you can get involved and tell the Government what you think about their ideas for Personal Independent Payment.
