

Please protect PIP – it is important for me and other disabled people.

Dear **[MP's Name]**,

I am very worried about the government's plans to change Personal Independence Payment (PIP).

These changes could take away necessary money that helps disabled people, including people with a learning disability and autistic people, live their lives.

For me, this is personal.

I have a learning disability/I am autistic. PIP helps me pay for things I need, like transport, support, or daily living costs. If this money is taken away, I will struggle with...

Click or tap here to enter text.

I care for someone with a learning disability or who is autistic. They use PIP to help with... If they lose this support, it will be much harder for them to...

PIP is not extra money—it is essential.

Many people with a learning disability and autistic people already face challenges.

Taking away support will not help people into work. It will make life much harder and push people into poverty and isolation.

I am asking you to:

- Say no to cuts to PIP.

- Make sure the government listens to people with a learning disability and autistic people before making any changes.
- Protect people's rights and independence.

As my MP, I hope you will speak up in Parliament and make sure PIP stays in place for those who need it.

Please can you let me know what you think about this?

Yours sincerely,

[Your Name]
