Inclusion North News

Have Your Say.

At Inclusion North we believe that people should be involved in things that affect their lives.

Inclusion North is working with Durham County Council on a new **Autism Strategy.**

An **Autism Strategy** is a plan for how services can better support autistic people and their families.

We are looking for autistic people to tell us about their experiences and what support is important to them.

People can talk about:

- What is working well.
- What could be better.
- What support is important to them.

If you are interested in being involved, please contact jo.butler@inclusionnorth.org

Recently, the group has been running workshops about annual health checks.

We are looking for more people with a learning disability and autistic people to join the group.
